Chess_ml

Quickstart

First get the puzzle dataset from kaggle with:

```
1  curl -L -o ./data/lichess-chess-puzzle-dataset.zip\
2    https://www.kaggle.com/api/v1/datasets/download/tianmin/lichess-chess
       -puzzle-dataset
```

Then unzip the dataset:

Then transform the dataset:

```
1  python -m chess_ml.data.transform
```
